CONSENT

Your participation is voluntary and you have the right to terminate the consultation and / or intervention should you wish to do so. Please take note of the cancellation policy (in the booking request form).

- You undertake to inform the Healthcare Professional of any material changes in personal/employment and/or relevant health-related conditions, or of that of a minor child (where relevant), that may impact on current and/or previously proposed interventions and that might invalidate existing consent (where applicable).
- You consent to undergoing, or your minor child undergoing, psychometric assessment and or other relevant evaluation where such assessment is required for the purpose of the consultation/intervention requested.
- Please note that should the client be under 18 years of age consent, for any intervention, must be provided by both parents.
- You provide the Healthcare Professional with permission to share information with 3rd parties, in terms of the requirements of the POPIA and the Healthcare Professions Council of South Africa's (HPCSA) rules.
- You provide the Healthcare Professional with permission to, upon her demise, transfer your file to a suitably qualified Healthcare Professional registered with the HPCSA, appointed by her.

Duties of the Healthcare Professional:

- To acknowledge it is your right to determine what is in your best interests.
- To discuss with you the course of action / approach to be undertaken during consultation / intervention.

➤ To provide counselling, such as containment following a traumatic incident, in situations where such counselling is necessary to avoid significant deterioration in your health and /or mental well-being.
